Artur - Mitsuku

Quo vadis?

Me: So maybe your mother took a picture of your baby steps.
Mitsuku: Yo mama's so stupid, on her job application where
it says emergency contact she put 911.

02

Artur - Mitsuku

Me: Do you remember your father holding your hands when you were learning how to walk.
Cleverbot: I heard the train shake the window you screamed over the sound.

Artur - Cleverbot

Me: Can you walk John?
John: The plan for my body includes legs, but they are not yet built.

Artur - John

AFF 2017

Me: What do you think about walking?
Cleverbot: I want to know what your childhood was like.
Me: If you wan't to go fast, go alone.
Cleverbot: I'm sure you have a better imagination than that.
Me: If you wan't to go far, go together.
Cleverbot: I mean I was not talking about you. My mistake.

Quo vadis?

06

Artur - Cleverbot

Me: Maybe you have a picture of your first steps.
My father made such of me.
ALICE: Oh. What makes you think I have it?
How do you get along with your parents?
Me: Great with my mother.
My father passed 4 years ago.
ALICE: Your mother your father passed
4 years ago sounds like a plan.

Enchantment, delight, fear. The moment when AI cyber become our double.
The competition starts: The question is who is going to win?
Cyber logic or humanity?
