## JOANNA SKIBA

Art director, graphic + editorial designer, gardening lover.  
Graduated at the Academy of Fine Arts in Gdańsk/Poland,  
living in Warsaw since 2015.

Believes in engaging, inspiring projects, perfectly tailored  
for the client, ensuring the continuity of his communication  
with the environment. She trusts the design process  
and her experience. Has been designing for over 10 years.

She has multi-season collaborations on her list,  
such as Haratyk, MĚNĚ Jewelry, Please, stand-up!, Reserved,  
Rosa Gold Chains, Solar, Rossmann.

Each photoshoot is a complete process for her.  
From the client's brief, through research and creating  
a mood board, then briefing the team, coordinating the shot,  
to supervising post-production together with the photographer.  
She also has an experience in creating compositions combining  
jewelry, cosmetics and accessories with scenography.  
The whole process may end with ready-made layouts,  
having previously created a detailed key visual.

She also loves purely graphic tasks, with designing brand  
identification at the forefront, enclosed in a complete brand book.
